La Roche College
HEALTH SCIENCE (Degree Completion) PROGRAM GUIDE
DEGREE: Bachelor of Arts   Department: Health Science

Student Name______________________________________  ___First Year Student  ___Transfer
I.D. Number____________________________  ___Change of Major  ___Readmit

Unofficial Eval Completed by/date:_____________________________________________

This is the unofficial evaluation of your credits to date including transfer credits (if applicable) in your chosen major. This evaluation is official when all official transcripts for all previous college work are received and reviewed for transferability by the Registrar’s Office AND the Registrar’s signature is included on page 3.

PURPOSE: A major in Health Science is meant to provide a bridge between study in the natural sciences and the application of science principles to diverse health-related professions. Full-time faculty members in the Department of Health Science are also professors in the Departments of Biology, Chemistry and Physics.

As part of its continuing growth in health science education, La Roche College has established the B.A. in Health Science, beginning in the fall semester of 2008. The B.A. in Health Science is designed to meet the needs of those student already credentialed health professionals who are seeking to complete a Bachelor’s degree. The major in health science combines study in the natural and health sciences with liberal arts study through the Core Curriculum. The health science major also offers general elective credits, which a student can use to add a second major or a minor, or to further one’s background in the sciences or liberal arts.

This program is for individuals who maintain active certification in one of the following health professions:
1) Radiography [R.T.(R) from the American Registry of Radiologic Technologists]
2) Nuclear Medicine Technology [R.T. (N) from the A.R.R.T.]
3) Radiation Therapy [R.T.(T) from the A.R.R.T]
4) Sonography (R.D.M.S. from the American Registry in Diagnostic Medical Sonography)
5) Respiratory Therapy (C.R.T. from the National Board for Respiratory Care)
6) Medical Laboratory Technician (M.L.T. from the American Society for Clinical Pathology)

STUDENTS WITH CURRENT PROFESSIONAL CERTIFICATION (WITH OR WITHOUT ASSOCIATES DEGREE)

REQUIREMENTS: To successfully complete the Health Science (option 3) major, the following coursework is required:
• 18 credits as listed under “Major Component/Requirements”
• 30 CORE credits
• 12 General Elective Credits (varies upon transfer credits)
• 15 credits for active Certification in one of the Health Science areas
• 45 credits for science courses leading to certification – Associates Degree or Hospital Program
• A minimum number of 120 credits are required for degree, the last 30 of which must be earned at La Roche College. (Developmental course work does not count toward the minimum number of required credits for graduation.)

Select Courses: 15 credits

18 credits are required with study within each of the following domains. Students can fulfill six domains with four courses (earning a total of 12 credits) by completing “dual-domain” SELECT courses SLDD. Student earns 3 credits only for each dual-domain course. The “lost” 3-6 credits can be fulfilled through a major or general elective. PLEASE NOTE: Some “Select Courses” may be filled by meeting Major Requirements and if so, will be annotated as such.
