Unofficial Eval Completed by/date: _____

This is the **unofficial evaluation** of your credits to date including transfer credits (if applicable) in your chosen major. **This evaluation is official when all official transcripts for all previous college work are received; and reviewed and approved for transferability by the Registrar's Office.** Beginning with your first semester of enrollment, your Degree Audit Report in My.LaRoche will automatically track your progress toward your degree, and guide you in planning future class schedules. Review your updated Degree Audit Report with your advisor prior to registering each semester.

PURPOSE: A major in National Security Studies is meant to prepare students for career opportunities with federal and state agencies, that have as part of their mission the defense of the homeland or the implementation of U.S. Foreign Policy and strategic objectives; multinational corporations that require personnel with research, analytical and communication skills; and for further study at the graduate level.

REQUIREMENTS: To successfully complete the National Security Studies major, the following coursework is required:

- 27 credits as listed under "Major Component/Requirements"
- 12 credits of Major Electives
- 6 Foreign Area Studies credits
- 9 credits Skills Component
- 20 credits Spanish Language Component or 18 credits Arabic Language Component (Waived for International ESL Students)
- 34 CORE credits
- 12 General Elective credits (Spanish Language Component) or 14 General Elective credits (Arabic Language Component)
- A minimum number of 120 credits are required for degree, the last 30, and 50% of the major must be earned at La Roche College. (Developmental course work does not count toward the minimum number of required credits for graduation.)
- Students must earn a minimum of a "C" in all courses taken in this program

REVIEW PROCESS: At the beginning of the student's junior and senior years, a committee composed of the department chair and two faculty members of the Justice, Law and Security Department, will review the progress of all students enrolled in the program. Students whose QPA falls below 3.20, whose foreign language reading ability is inadequate, or who exhibit behavioral or academic deficiencies that would, in the judgment of the reviewers, make future employment in the national security field unlikely, will be placed on probation or dis-enrolled from the major.

In order to maximize employment opportunities, all students should possess the following skills before graduation:

- A reading competency in one of the required foreign languages
- The ability to produce written reports based on research, correlations and analysis
- Oral presentation skills, to include computer facilitated presentations
- Knowledge of statistical techniques
- Knowledge of computer applications and data management systems

Language Ability: Students should expect to engage in additional language study, beyond the requirements of the major to enhance employment opportunities. The language chosen may influence the students' eventual career assignments. **Students who select the Arabic Language component will complete 18 credits in Arabic at the University of Pittsburgh.**
