POLICY:

Independent study is an in-depth examination of a particular topic, on a contractual basis and under the limited supervision of a full-time faculty member in a related discipline. Independent study is not a substitute for an existing course, but provides the student with the opportunity to pursue a subject in more depth and in a more independent manner than is possible in a traditional course. Students are responsible for developing their own proposal, following through with assignments and working independently. The amount of supervision will be determined by the faculty member and included on the Independent Study Application form. Student initiated proposals, including rationale and goals, must be submitted via the Independent Study Form.

In accordance with the College’s Credit hour policy, students must complete independent work time commensurate with in-class courses, where 45 hours of learning activities are required for every one credit earned. (135 hours for a three-credit course.) Students must document their hours on the attached Independent Study Time Sheet.

• Only upper-class students with a minimum GPA of 2.5 and sixty (60) earned credits are eligible to register for 1-4 credits of independent study.
• Students may take up to six (6) credits of independent study during their attendance at La Roche College.
• Individual departments may further limit the maximum number of credits allowed.
• Normally only one independent study may be completed in a semester.
• For each credit, the student must document a minimum of forty-five (45) hours of independent study work equaling one hundred thirty-five (135) hours for each three (3) credit study (attached time sheet to record your hours).
• Each department will decide whether or not to offer an independent study.

PROCEDURE:

This form, with all signatures must be submitted to the Registrar’s Office by the end of the add/drop period for the semester. The Registrar’s Office will add the Independent Study course to the student’s registration schedule.
