PHOTOGRAPHY MINOR PROGRAM GUIDE  
Department: Graphic Design

Student Name______________________________________  ___First Year Student  ___Transfer
I.D. Number______________________________________  ___Change of Major  ___Readmit

Unofficial Eval Completed by/date: ________________________

PURPOSE: A minor in photography will provide experiences directed towards the development of photographical skills: camera operation, digital editing and technology practices, composition strategies, and creative, artistic and aesthetic sensibilities. The photography minor will benefit any student with a sustained interest in photography by providing a practical mix of artistic and commercial experiences. It is especially useful to those students majoring in Marketing, Communication Media and Technology, Professional Writing, Graphic Design, and Interior Design

REQUIREMENTS: To successfully complete the Photography Minor students will complete a minimum of 15 credits, and maintain a minimum GPA of 2.0 in the minor coursework.
